

## **Matthew E. Hilbush, P.E.**

### **Principal**

Mr. Hilbush has over twelve years of professional experience in civil and structural engineering. A versatile individual with both practical and theoretical engineering experience, and a demonstrative ability to identify creative solutions in design projects. His experience includes structural design and analysis (retrofit and new work) for manufacturing, residential and commercial facilities, and civil design for land redevelopment projects, including permitting with municipal authorities. Mr. Hilbush has worked predominantly with pharmaceutical, educational, hospitals, commercial and manufacturing businesses. His experience has included architectural coordination, land development, computer modeling, analysis and design for retrofit and new projects, multi-discipline coordination, construction validation and compliance, cost estimating, scheduling, specifications, document production and supervision. He is experienced in the use of sustainable materials and the USGBC LEED process.

### **Education**

- B.S., Civil Engineering, Drexel University
- M.S., Civil Engineering, Georgia Institute of Technology

### **Professional Associations**

- American Concrete Institute
- American Institute of Architects
